5 CHILDREN Bitten BY MAD DOG

VICTIMS ATTACKED IN BEACHMONT STATION

A small, black and tan dog, raving mad, tore into Beachmont late this afternoon, and at the Beachmont station bit five children who were at play. Citizens who were near attempted to kill the dog with stones, but were unsuccessful. The injured children were taken to the offices of Dr. Andrews and Dr. Meigs, where they were attended. None of them are severely bitten.

It is believed the dog came from East Boston. The animal frightened many residents in Beachmont before it reached the station, and when last seen was running along the State road to Crescent Beach pursued by a large crowd.

Three of the children bitten are:

Allice Richkowsky, No. 5 Bradstreet av., bitten on lip.
Lila Brown, bitten on left hand and arm.
Ottavio Bragi, bitten on left leg.

"RACE WAR QUELLED," VARDAMAN

Governor Declares Quiet Has Been Restored—Other Reports Differ.

JACKSON, Miss., Dec. 28.—Governor Vardaman says that the report from the scene of the reported race trouble indicates that the soldiers there are fully able to cope with any trouble that may arise. He states that from what he can gather the reports of last night are greatly exaggerated.

On Saturday a negro householder was shot to death by a white man near Arden, Miss., and the scene was reported to have been taken from the train and killed.

The troops sent to Neshoba today are taken from a company of artillery. Besides the troops, an organized party of forty men from Columbia is on the scene to assist in quelling the riot.

PRIVATE REPORTS SAY MANY SLAIN IN RACE RIOTING

JACKSON, Miss., Dec. 28.—An opinion of the progress in each section of the State is that a great deal more bloodshed will take place in Kemper County is reported from that place, where already between twenty and twenty people are said to be dead as the result of the race war which has been raging since Monday.

Troops armed with Gatling guns and other weapons have started for the scene of the trouble from Meridian, while a large number of men heavily armed from Columbus have been sent to the line.

Governor Vardaman has been informed that the rioting has been very serious, and the governor and other officers are in conference here today considering what action on their part will best serve to allay the armed people.

FEAR TERRORS OF OLD KU KLUX KLAN.

Kemper County is where the Ku Klux Klan originated. It is said, and the race feeling there is very lively. It is reported that there are many lawless hangers, both white and black, in the neighborhood of the colored people who are doing what they can to intensify the trouble.

The most fatal outbreak, so far as has been reported, was at the village of Neshoba, north of Meridian on the Mobile & Ohio Railroad. It is reported that the mob there have fortified themselves in a building, and that they refuse to disperse. It is believed that a bloody encounter will take place when the troops are sent, and from reports of clashes are constantly being reported.

NEGROES FORTIFIED, WILL FIGHT

Two miles from the village of Neshoba a band of negroes are fortified and have a large number of arms. They are determined to defend themselves. They have threatened to kill the troops, and the white people are also armed.

In a letter sent to Superintendent of Police Pierce today, District Attorney John B. Moran calls the former's attention to the fact that he has received a communication, in which it is charged that the police are receiving blackmail for protection from the houses recently informed the women working in the houses, and that the police are receiving blackmail for protection from the houses recently informed the women working in the houses, and that the police are receiving blackmail for protection from the houses recently informed the women working in the houses.

William H. Pierce, Esq., Superintendent of Police, Dec. 28, 1906.

Board Demands Explanation from New York Central of Complaints from People Along Line of Leased Road—Calls for Detailed Information.

The Railroad Commissioners today took action against the Boston & Albany Railroad in connection with the complaints that have been made about the miserable train service of the company by residents of Worcester, Newton and other places along the road.

The commissioners demand that the New York Central & Hudson River Railroad, which leases the Boston & Albany, explain why there has been such a delay in the trains. A letter has been forwarded to the company requesting answers to these four questions:

Explanation Is Demanded

How many trains did the company run into the South Station from December 1 to December 25, inclusive?

At what hour and minute was each train scheduled to arrive?

At what hour and minute did each train actually arrive?

What reasons has the company to give for the alleged discrepancy between the scheduled and the actual time of arrival?

NEARLY THREE HOURS LATE.

On the Boston & Albany Railroad, the express from Albany was two hours and forty-five minutes late today, while the express on the Boston & Maine, coming the same distance, was but twenty minutes late. The delay on the Boston & Albany was caused by the fact that the train left Albany at 10:15, instead of 10:00, and this makes the delay all the more time.

The Albany local on the Boston & Albany Railroad arrived here late today, and the delay was caused by the fact that the train left Albany at 10:15, instead of 10:00, and this makes the delay all the more time.

POSTAL PROTESTS VAIN.

On the New Haven two sections of the New York express came to the South Station today, but the train was delayed for nearly an hour, and the delay was caused by the fact that the train left New Haven at 10:15, instead of 10:00, and this makes the delay all the more time.

LAWYER ON LATE B. A. TRAIN; CLIENT HAS TO PAY FINE

Because of a delay in the Boston & Albany train, a lawyer in Boston today, a lawyer representing Duran Holland, a well-known attorney, was forced to pay a fine of \$100 for the delay.

TWO WOMEN KNOCKED DOWN BY RUNAWAY HORSE.

Two women were knocked down today in Park Square by a runaway horse attached to a light wagon and driven by Harry Hayes, an employee of the Health Department. Mrs. William M. Colby, one of the women, was carried into a nearby drugstore, unconscious. She recovered sufficiently before an ambulance arrived to go to her home, No. 18 Martin street, Cambridge. The other woman was assisted to the sidewalk by spectators, when she boarded a passing car.

Don't Be Too
Hard on Faithless
Public Men

It is True They Forget Those That
Elect Them, but Think of the
Temptation and Reward from An-
other Quarter

We discussed in this column in-
teresting remarks by Shaw, Sec-
retary of the Treasury, in regard to
prosperity. He said there is too
much prosperity in the country. And
the BOSTON AMERICAN, looking at
the thing for eighty millions of
people, said no.

In writing about Mr. Shaw, Sec-
retary of the Treasury, and com-
menting on his use of the public money to help the gamblers in Wall
street, we wrote as follows:

"The big trusts, some of whom will take care of Mr. Shaw if he
ever needs being taken care of."

One of our readers wants to know what reason we have for saying
that Mr. Shaw will be TAKEN CARE OF by the trusts that have reason
to like him. Our answer is, "It always happens."

Since our editorial was published, and since our friend wrote his
indignant letter defending Mr. Shaw, the statement we made has been
proved in every newspaper in the country.

One New York newspaper the other day on its front page had a
news article headed, "Rogers May Put Shaw at Head of Mutual Life."
The same article said, "Standard Oil has a reputation for caring
FOR TREASURY OFFICERS WHO HAVE BEEN KIND TO IT."

We pointed out what Mr. Shaw had done for the trusts; we pre-
dicted that those trusts would not fail to do something for him. And
within less than a week we have the announcement that Mr. Shaw, the
people's Secretary of the Treasury, is to be made rich by Mr. Rogers
of the Standard Oil.

And how is he to be made rich? Why, IN THE USUAL WAY.

He is to be made president of a great life insurance company, AND
MADE RICH OUT OF THE MONEY OF THE POLICY-HOLDERS.

The statement, "Standard Oil has a reputation for caring for Treas-
ury officers who have been kind to it," is accurate, and it has a meaning
for the people of this country.

When you see that the men whom you elect to office forget about
you, AND DEVOTE THEIR BEST ENERGIES TO TRUSTS, OR TO THE
MEN THAT OWN TRUSTS, YOU MUST NOT BE SURPRISED.

An explanation of American conditions and of American political
corruption was briefly outlined by W. B. Hearst in one of his public
speeches a long time ago.

He said to the people, in substance, "As long as you allow individ-
uals to take YOUR property, AND USE IT TO BRIBE YOUR OFFICIALS,
you must expect to have officials bribed."

"As long as you allow your public officials to offer YOUR national
or municipal property for sale to the highest bidder, you must expect
to see rich men always getting richer, and always ready to buy, with
the money of bribery, the public property that you permit your of-
ficials to sell."

Mr. Hearst compared the system of corruption in America to an
imaginary householder who might permit his servant to sell the coats,
umbrellas and hats in the hall to the first thief willing to buy them.
That is the condition in our public life.

We put a man in charge of the public funds, AND WE ALLOW
THAT MAN TO USE THOSE FUNDS TO PROMOTE THE GAMBLING
ENTERPRISES OF TRUST OWNERS.

We need hardly be surprised when we find these trust owners
TAKING CARE OF THE CONVENIENT OFFICIAL WHEN HE NEEDS
TAKING CARE OF.

We see the great trusts providing richly for their faithful judges
when they leave the bench and need big fees. We see Mr. Parker, for
instance, formerly of the Court of Appeals, AND NOW A NOTORIOUS
AND EARNEST WORKER FOR ANY TRUST READY TO BUY HIM.

And we see the trusts reversing the proceedings, taking the lawyers
that have served them well and putting them into the highest judge-
ships, where they can perhaps serve them EVEN BETTER.

How do you people expect to have much importance in this coun-
try when the lawyer must look to the trusts for the great judge-
ships, and when the judge on the bench must look to the trusts FOR
THE GREAT REVENUE WHEN HIS TERM AS JUDGE ENDS? They do
not look to YOU.

You pay your judges and your representatives small salaries. If
they work honestly for you, YOU FORGET ABOUT IT NINE TIMES
OUT OF TEN. And whether you forget or not, you don't do much for
them, and you CANNOT do much for them.

On the other hand, THE TRUSTS NEVER FORGET A FRIEND OR
AN ENEMY. If a man sells out the people, TO THEM, they will always
remember and reward him when the chance comes. They reward him
WELL, with YOUR money.

How is such a condition of affairs to be remedied? It is to be
remedied by intelligent thought among the citizens, by intelligent vot-
ing, AND BY PUBLIC OWNERSHIP OF PUBLIC PROPERTY.

If you allow Aldermen to sell the city streets to thieves, YOU WILL
ALWAYS HAVE A PLENTIFUL SUPPLY OF BRIBE-TAKING ALDER-
MEN. AND OF HIS THIEVES READY TO GIVE THEM THE BRIBES
IN return for YOUR streets.

If you allow your Legislature to sell privileges to railroads, gas
companies, etc., you will always have legislators ready to sell and take
the bribe money, and you will always have trusts ready to pay it and
to buy the favors.

One solution of the problem is this:

DON'T ALLOW YOUR PUBLIC SERVANTS TO SELL YOUR PUB-
LIC PROPERTY.

DON'T ALLOW PUBLIC PROPERTY TO BE TAKEN OUT OF THE
PUBLIC'S HANDS.

DON'T ALLOW PUBLIC NECESSITIES TO BE MADE OBJECTS
OF SPECULATIVE GAMBLING, BACKED UP BY THE TREASURY AT
WASHINGTON.

You put men in office now, and their eyes turn instantly toward
those farthest from your interests, toward THOSE FROM WHOM THEY
WILL GET THEIR REAL REWARD.

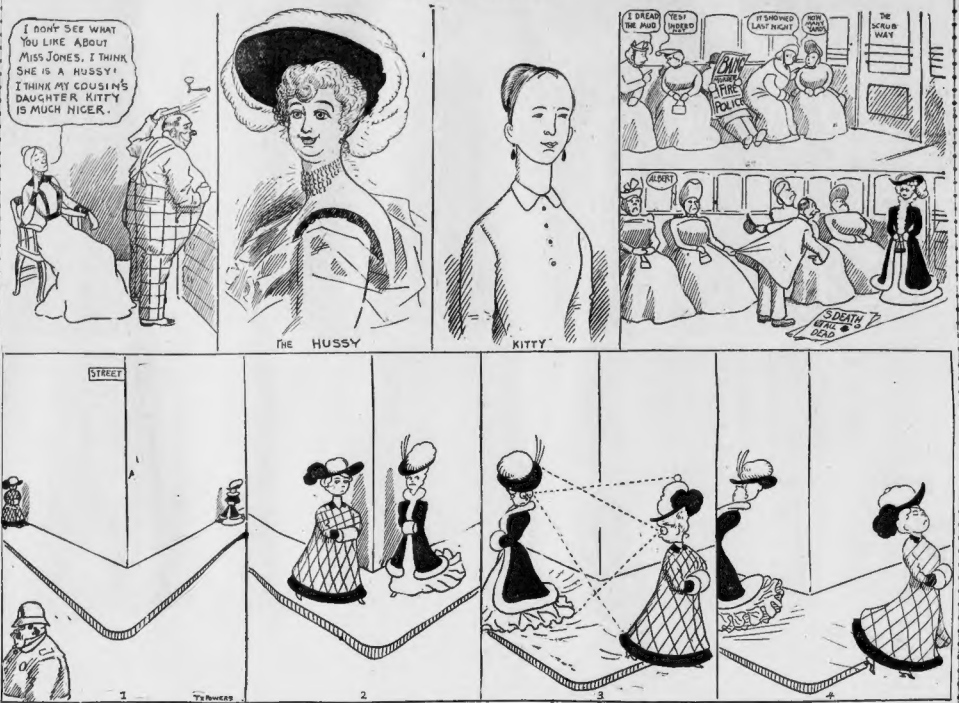

This must change if you want good government, good officials, and
an honest nation.

Many go out for wood, and come home shorn themselves.—
